

We understand that Goodwe handling your personal data responsibly and respectfully is very important to you. The Goodwe Solar Academy regards data protection as one of its top priorities.

We use and process your personal data in compliance with the European Community and all the countries and territories where Goodwe operates and their statutory provisions regarding data protection and data security. Below you will find information about what data we collect during our trainings and how this information is used:

All personal data about you collected by GSA is treated as strictly confidential and will not be passed on to third parties without your express permission. GSA may use personal data for internal purposes, such as data analysis, research, or to improve its products.

Person(s) Responsible:

GOODWE POWER SUPPLY TECHNOLOGY CO.,LTD. – Data Protection Officer
189 Kun Lun Shan Rd, Suzhou, Jiangsu, China

At GSA we document and store all information that you enter or otherwise transmit to us when registering for the Goodwe Solar Academy. This specifically includes your name, contact information, and your payment options. We use this information to process registrations, to organize training measures, to provide services within the scope of the training measures, as well as to process payment including the verifications required for purchases on account and for warranty claims.

The personal data generated via registration with GSA shall in particular not be used to draw conclusions about the behavior of individual users, to contact individual users or to optimize advertising for specific users.

Upon request, we will be happy to share with you the personal data we have stored about you. You are legally entitled at all times to correct your personal data and to rescind your consent to the storage and use of your data.

Please address questions about data protection at GSA, or about the processing and deletion of your personal data, to:
